

# Our trip to Vilnius University Library

By: Vanesa Emilija

On Friday May 4<sup>th</sup>, 2012, all 5<sup>th</sup> graders went on a field trip to Vilnius University Library. The library was found 400 years ago. The first hall that we visited was Smuglevičiaus hall. In earlier times students of university used to eat lunch there, and a couple of years ago people used to sit and read books there as well. Next, we visited Lelevelio hall also called the *Blue Room*. After, we visited a white hall. The white hall is the most modern hall in the whole library. Then, we went up the university observatory tower. Once we saw how small the stairs were, we all were shocked! The stairs were about 30 or 40 cm wide. When we were half a way up there, we started getting dizzy! It was worth while climbing those stair for a beautiful view from the tower! And lastly, we went down to the university courtyard full of flowers and soft grass! Finally, we all got together and took a Picture. The field trip to VUL was really interesting. Thank you to Ms.Eglė for taking us there!
