

AFTER-SCHOOL OUTING CLUB: GO KARTING on November 11th

First we came and dressed up in suits for us not to get dirty. The workers split us into two groups because there were nine of us for not that many go-carts to go at the same time. So we drove and after two times everybody got tired, therefore there were just three of us riding for the third time. At about 4:30pm it got dark and more slippery, but we still kept on driving and adrenaline was going through us because everybody got better scores. It was awesome☺!
