

PSA SPONSORED TALENT SHOW

Tuesday afternoon of November 22nd cheered up with lower school students' performances: dancing (Marija, Marta, Ellia, Svetlana, Vanessa and Arnoldas), singing (Ariana, Marija, Arnoldas, Olesè, and Sean from Grade 1 who sang his own song "I follow you!"), playing the piano (Olesè) and violin (Benedek), and a magic show by Dominykas from Grade 4 which forced a number of students open their mouths! Eleven students from Grades K-4 showed their talents enjoyed by a big group of spectators: students, teachers and parents. A pizza party followed with dancing in the *salė*.

Thank you to PSA for sponsoring this fun event! Thank you to the MCs, William and Karolina (read her article below), Chananel for DJing, and Mrs. Vilma Plukienė, Mrs. Rima Firienė, and Mrs. Ieva Dovydenienė for helping with all kinds of details to have this event a success.

"Last week I was one of the MC's of the PSA sponsored talent show. It was really fun! I love that our school has so many events and concerts. It is really great! I also think that it is great that children are also getting involved in activities. And the best part is that they are actually talented! In my previous school they never had things like this, and I never really got involved so it is nice to get involved. This talent show was very important to me because I have never hosted anything before and this experience was fun. It also made me more confident in my English and my personality. I was surprised and impressed by the talent the students demonstrated. They were also very brave. I hope that I can continue participating at such events in the future"

By Karolina, Grade 10 student
